THE above are *First Class, justly popular, and prompt paying* companies. They invite investigation into their condition and solicit business entirely upon their real merits. In point of solvency and reliability and honorable dealing, they have but *few equals, and no superiors.* They are founded upon the very best securities in the world—first class bonds and mortgages upon property in New York and Brooklyn—securities that have not, for the past ten years, depreciated below par, and are every way more reliable and permanent than railroad, bank, and other stocks, which are subject to the fluctuations of the market, and liable, *in times of panic*, as the experience of the past teaches, to become almost, if not entirely, valueless. And while there are Companies entering the field of competition, well calculated to mislead by publishing *partial and one-sided* statements of their condition, and without a cash surplus on hand sufficient to reinsure their outstanding risks, the above named companies always have and keep over and above their capital *twice* the amount, and in most instances *four* times, needed for the reinsurance of all their risks. With such a foundation, and with such a condition, they claim the right to look with confidence to the public for liberal patronage.

Policies issued without delay, and farms risks for a series of years taken at less rates than can be done by Mutual Companies, and a *certainty* given instead of an *uncertainty.* All losses promptly adjusted and paid.

New York Life Insurance Company,

CASH CAPITAL OVER - - $1,900,000

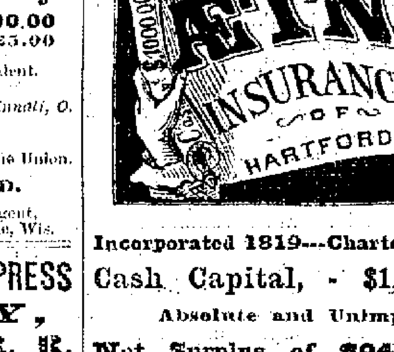

all well invested for the benefit of Policy holders, so that the profits of this vast sum pay a large proportion of their annual premiums. This is unquestionably the very best Life Company doing business in this state.

As a Tonic for Old People, delicate Ladies, convalescent invalids, and all weakly people, they cannot be surpassed; in all cases of Weakness or Debility, they will give immediate relief, and impart a strong, healthy tone to the system. A trial will establish their merits over all other Tonics now in use. FOR LUNG COMPLAINTS, BRONCHITIS, DYSPEPSIA, NERVOUS DISEASES AND LIVER COMPLAINTS, they are an invaluable Remedy; and are a certain preventative of CHILLS and FEVERS.

Put up in Quart Bottles, in cases of one and two dozen, and for sale by Druggists and Grocers everywhere.

CAPITAL AND SURPLUS, - - $450,000

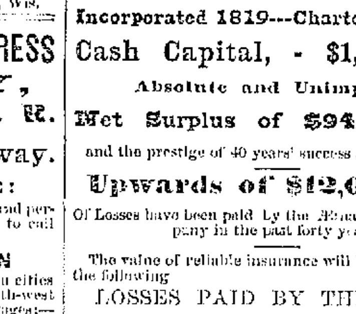

THE above are *First Class, justly popular, and prompt paying* companies. They invite investigation into their condition and solicit business entirely upon their real merits. In point of solvency and reliability and honorable dealing, they have but *few equals, and no superiors*. They are founded upon the very best securities in the world—first class bonds and mortgages upon property in New York and Brooklyn—securities that have not, for the past ten years, depreciated below par, and are every way more reliable and permanent than railroad, bank, and other stocks, which are subject to the fluctuations of the market, and liable, *in times of panic*, as the experience of the past teaches, to become almost, if not entirely, valueless. And while there are Companies entering the field of competition, well calculated to mislead by publishing *partial and one-sided* statements of their condition, and without a cash surplus on hand sufficient to reinsure their outstanding risks, the above named companies always have and keep over and above their capital *twice* the amount, and in most instances *four* times, needed for the reinsurance of all their risks. With such a foundation, and with such a condition, they claim the right to look with confidence to the public for liberal patronage.
Policies issued without delay, and farms risks for a series of years taken at less rates than can be done by Mutual Companies, and a *certainty* given instead of an *uncertainty*. All losses promptly adjusted and paid.

New York Life Insurance Company,
CASH CAPITAL OVER - - $1,000,000

all well invested for the benefit of Policy holders, so that the profits of this vast sum pay a large proportion of their annual premiums. This is unquestionably the very best Life Company doing business in this state.

The solid service long and successfully tried, and the many advantages the Ætna Insurance Company possess in its line, should not be overlooked by those ready to insure and understanding their bests interests.
During "stringent times" the necessity for reliable Insurance becomes an imperative duty—the ability of property holders to sustain loss being then much lessened.

THESE lands, granted by Congress to aid in constructing the road, lie, to a great extent, within six miles, and all within fifteen of the road, which is now completed through a country unsurpassed in the salubrity of its climate and fertility of its soil. Its latitude adapts it to a greater variety of products than land either north or south of it, rendering the profits of farming more certain and steady than in any other district of our country. Its position is such as to command at low rates of freight, both northern and southern markets.
To the farmer desiring to better his condition, to parties wishing to invest money in the west, or any in search of a prosperous home, these lands are commended. For full particulars, apply to

Platforms.

It cannot be denied that platforms are essential to a political party. Their construction is attended with almost as much trouble as the nomination of a candidate to stand upon them. The late Charleston convention split wide apart in its attempt to form a *new* platform for the democratic party. The south desired to say plainly what they meant about the treatment of slavery—the northern Douglas men wished to cover up in smooth two-sided words what they really meant to do. They did not dare to tell the north that they would protect slavery in the territories by congressional intervention, although they were perfectly willing to do so, if the supreme court would stand between them and all harm from the people. The south, not daring to trust them on this point, seceded. We think the northern democrats might have been relied upon—all they wanted to do was to dodge the people of the north—when once in power they would have been as subservient as ever to the south. We judge that this would have been so because such has ever heretofore been the *history of the northern democracy.*

The democratic party having ruined themselves in making a platform, it should be a warning to the republican national convention not to attempt to make any radical change in the platform upon which the party was formed in 1856. We have noticed a disposition on the part of some of our cotemporaries to urge a change of that portion of the platform which relates to slavery, so that it may be made more indefinite, and thus, perhaps, include in some places the *doctrine of squatter sovereignty,* and in others congressional intervention; leaving *to each individual and locality a choice* of the means for the prevention of slavery extension.

We confess that our predilections are in favor of the platform of 1856 in this respect. It plainly asserts the doctrine of the republican party upon this subject. There has been no change in the sentiments of the great mass of republicans from the time the party *was formed,* to this hour. We now deny as we did then, "the authority of congress, of a territorial legislature, of any individual or association, to give legal existence to slavery in any territory of the United States." We believe now, as then, that "the constitution confers on congress *sovereign power* over the territories of the United States," and that it "is both the right and the *duty* of congress to prohibit in the territories polygamy and slavery."

This is the only means by which the principle of opposition to slavery can be carried out. To leave it to be voted "up or down" in the territories, when we acknowledge our *sovereign* power over it through congressional intervention, and our *duty* to use that power, is preposterous in the extreme. We regret very much to see any disposition manifested to weaken this position taken by the republican party, for the sake of getting a few more votes; we *apprehend* that there would be *some danger* of losing a greater number of votes than we can gain by it; while we certainly yield the vital principle upon which the party was formed, when we strike out this portion of our platform, and assent generally and vaguely that we will use all constitutional *means* to prevent the extension of slavery into territories now free, as is proposed by the Chicago Tribune and the Milwaukee Free Democrat.

We believe the adoption of the platform of 1856 just as it is, with the addition of Free Homesteads, is desired by nineteen-twentieths of the republican party. We must not attempt to deceive the people by generalities. If we are to administer the government for the next five years, we must be frank enough to descend to some particulars, and proclaim how it is to be done. The "fast and loose" game that was played by the democrats upon the Cincinnati platform will not do for a republican constituency. They demand to know what they are voting for, and we believe they will not be content with the platform of *four lines,* which the Tribune and Free Democrat propose.

THE STATE PRINTING CASES.—The cases of Carpenter & Hyer, publishers of the Patriot, and state printers, which were in the supreme court, have been discontinued.—They were a lot of mandamus cases to compel the state treasurer to pay some thirty-eight or forty thousand dollars. They are discontinued because they have otherwise settled the state printing matter.—*Madison Argus.*

One of the conditions of the settlement with the state printer was not only the withdrawal of these suits commenced against the state, which sought to enforce the payment of the warrants drawn by the late secretary of state and refused by the treasurer but involved also the claim of the contractor to a larger amount than 50 cents a description for advertising the delinquent school, university and swamp lands. The contractor had determined to contest this point in the courts. The settlement, in short, was an equitable one upon every service rendered by the contractor, instead of a legal adjudication. In view of the uncertainty of such adjudications, and the delay and expense attending them, the settlement finally made was undoubtedly the best for all the parties interested.

What were the first words Adam said to Eve? Nobody knows.

W. P. Lynde received 19 votes in Iowa county.
L. A. Dixon received 9 votes in Grant county, John Dixon 7 votes in Green, and Dixon 2, Luther Dixon received 5 votes in Kenosha, and Luther S. Ixon 2, and in Monroe county Luther S. Dickenson received 1 vote, and there were 32 scattering—which makes the total number of votes returned as polled, 116,719.

CIRCUIT JUDGES.—J. E. Mann is elected in the 3d circuit over A. M. Blair by 8,601 majority.

G. W. Cate is elected in the 7th circuit over J. S. Alban by 1,327 majority.

Weatherby is elected in the 8th circuit over Spencer by 57 majority.

H. S. Orton is elected in the 9th circuit without opposition.

THE EDITORIAL CONVENTION.—Let us go to Green Bay—listen to the address—the poem—the eulogy on young Smead—transact a heap of work that ought to be attended to, pay our bills like the independent men we profess to be, and come home with reputations unsullied for sobriety and independence, if not for ability. If we can't do that, let us put on old clothes, (that is if we have any old clothes to put on) take our *hat in hand, and* with a piteous look implore charity in the shape of coppers and postage stamps of every one we meet, while going or returning, and hereafter acknowledge that we live by begging. God knows we are poor enough, all of us, but there is no need of letting the world know of our poverty—of begging while we can steal, or of riding a free horse to death! Let us all go to Green Bay, have a good time, take along our wives or sweethearts, ride out on the bay and river, *transact our business, and if* we can get a hall, have a social family dance, pay our bills, then come home sober, and under no particular obligations to any one for anything more than their kindness and good opinions, which we will endeavor to merit.—*La Crosse Union.*

This is sensible and timely advice. Some features in former conventions need reformation, and we hope the assemblage at *Green Bay will inaugurate the change* that all will admit is desirable, if not absolutely necessary. There is no good reason why the editors and publishers of Wisconsin, when they meet for their own benefit or amusement, should be treated as favored guests of the community where they assemble, or regarded as licensed paupers, to whom an extorted hospitality is unwillingly extended. *If they are not able to attend* their annual meetings upon the same conditions as delegates to a political convention, they had better remain at home and forego the pleasures or benefits of a merely social gathering. We do not wish to act as monitor in this matter, but we do hope our associates in a respectable profession will at least refrain from those things which are well calculated to bring that profession into disrespect.

MILWAUKEE AND MISSISSIPPI ROAD.—The Tribune, of last Tuesday, says: "The committee of bondholders of the Milwaukee and Mississippi road, appointed at the meeting on Friday, made a report to-day in favor of adopting the scheme of recognization proposed by the board. The agreement of assent was signed by those present. The road, we understand, will pass into the possession of Mr. Isaac Seymour, of the Bank of North America, trustee under the second mortgage, on the 10th inst., and proceedings to foreclosure, under the first and second mortgages, will be at once commenced."

LATER FROM EUROPE.—The steamship Brazil has arrived, having left Galway on the 29th. Heenan has made a formal demand for the belt. Bell's Life treats the claim as preposterous, and asserts that the chances were in favor of Sayers. £200 had been collected in the House of Commons for Sayers. He will not be able to use his arm in two months. The Prince of Wales will not visit Canada before the first week in July. The voting in Savoy for annexation to France will exceed 100,000 in favor, and only 1200 against it. Arrests had been made in Paris in consequence of another plot by Italians.

The will of John G. Boker, late of New York, has been admitted to probate. He left property amounting to $1,800,000, of which his daughter Mary Ann, wife of John Dean, the coachman, will not receive one cent, as she was specially disinherited by a codicil.

Telegraphic

REPORTED FOR THE MORNING GAZETTE.

BY WISCONSIN STATE TELEGRAPH LINE,
Office in Union Passenger Depot.

NEW YORK, May 8.

At a meeting at the Metropolitan last night, Gen. Houston was strongly recommended for president, and a committee appointed to get up a mass meeting.

Tribune's Washington Correspondence.—Mr. Wendell's testimony before the Covode committee, established the fact that he expended between $30,000 and $40,000 on the English bill, part of which has been traced, and the rest in a fair way of discovery.

The evidence of Simeon Johnson, furnishes another link in the chain, proving that the Lecompton constitution was made here and sent to Kansas by an administration agent.

The Market.

NEW YORK, May 8.

Flour market 5a10c lower, sales 10,800 bbls, 5,35a5,40 super state; 5,45a5,80 common to medium extra western. Wheat market 1c higher, with better export demand, sales 10,000 bush. 1,29a1,32 Milwaukee club; 1,50 winter and red western; 1,60 white Canada and Indiana. Rye quiet. Barley dull and nominal. Corn opened steady and closed dull.

News from Europe by the Bohemian.

The frauds committed by W. G. Fullinger, chief cashier of the Union Bank of London, amount to the immense sum of £243,000, (nearly $1,225,000) which places him at the head of that class of defaulters in London.

The earl of St. Germain, lord steward of the queen's household, goes to Canada in the retinue of the prince of Wales.

Lord Elgin was to leave London on the 25th of April for China.

It is stated that £70,000 have been paid from Lloyd's on the ship and cargo of the steamship Hungarian.

The weather throughout England continued cold and wintry. Spring was very backward, and gave some little anxiety regarding agricultural prospects.

The volunteer force engaged has reached 124,000 men.

FRANCE.—Baron Gros was to leave Paris for China on the 25th of April.

It was stated that Austria, Russia and Prussia had agreed to the proposition that the contemplated European conference of France on the Swiss question should meet in Paris. The conference, it is presumed, will be composed of the following powers: Austria, France, England, Spain, Portugal, Prussia, Russia, Sardinia, Sweden, and Switzerland, who will be represented by their ambassadors to France.

The Paris flour market was firmer, and advanced 1 f. per sack. There was a short supply of wheat, which had advanced to 70c. per sack. The bourse on the 24th was flat and drooping. Rentes closed at 70f. 5c.

ITALY.—The king continued his triumphant progress through his new dominions.—He was at Leghorn on the 23d.

The criminal proceedings at Bologna against Father Felletti, an inquisitor of the holy office, for the abduction of the child Mortara, has resulted in his acquittal.

The king of Sardinia, following the advice of France, had for the moment abandoned the idea of taking the title of king of Italy.

NAPLES.—Accounts from various sources represent the insurrection in Sicily as completely suppressed.

The Independence Belge states that the Count of Syracuse had written Prince D'Corrigan, stating that he would offer his sword to the king of Sardinia and espouse the cause of Italian nationality, if his nephew, the king of Naples, persists in his dangerous policy of refusing to restore the Neapolitan Constitution of 1848.

AUSTRIA.—Baron Bruck, minister of finance, died on the 22d.

INDIA AND CHINA.—Calcutta telegrams give reports of disturbances having broken out in Cabool.

Canton dispatches dated March 14th state that the rebel disturbances were increasing throughout China. It was rumored in Shanghai that the four war vessels which recently proceeded to the Pecheelle river carried an ultimatum to the Chinese government.

Affairs in Japan had become warm.—The foreign community was in great apprehension, two Dutch captains having been murdered in Tokohala, without giving offence.

LIVERPOOL BREADSTUFFS.—Richardson, Spence & Co., quote flour quiet but steady; sales of American 26s6da30s. Wheat firm at full prices, red 10s6da10s10d; white 11s a12s6d. Corn had an advancing tendency, but closed quiet, mixed 36sa36s6d; yellow 37sa37s6d; white 38sa40s.

Wakefield, Nash & Co., report corn 6d better for good qualities.

London breadstuffs quiet. Sugar steady. Coffee firm. Tea unchanged.

AT RICHMOND.—It appears that the telegraph made a mistake in stating that the convention of seceders at Charleston adjourned to re-assemble at Washington.—Richmond, Virginia, is the place to which they adjourned, and are to re-assemble there on the 12th of June next, which is just six days prior to the re-assembling of the doughface Douglas convention at Baltimore.

☞ The Covode committee at Washington, after tracing out the recipients of the Lecompton fund, will attempt to ferret out the authors of the constitution. It is fully believed that they either occupy seats in the cabinet, or that the plan of its submission was furnished by persons whom they controlled. Gov. Walker has again been called upon this subject.

We should suppose the New York Tribune just now, would feel like setting up in the business of prophecy. Its chief editor not long since took a tour through the west, and announced the nomination of Douglas as certain. When the convention opened, as the result of a careful calculation, it gave Douglas 180 votes to start with, and a certainty of getting in a short time all the rest he wanted. After the convention had been in session several days, it announced that the most skeptical were at length getting their eyes open to what the Tribune had long foreseen, that the nomination of Douglas was inevitable. And after the southern bolt it announced that Douglas' nomination would surely take place on the first ballot. Not one of these predictions has come any where near a fulfillment.—*Free Democrat.*

The Japanese have discovered that a few seconds previous to an earthquake, the magnet temporarily loses its power, and have ingeniously constructed a light frame supporting a horse-shoe magnet, beneath which is a cup of bell metal. To the armature is attached a weight; so that upon the magnet becoming paralyzed, the weight drops, and striking the cup, gives the alarm. Every one in the house then seeks the open air for safety.

An English paper says Gen. *Dred* Scott commands the United States army.

A Memory.

In a dim and dark old forest,
A wildwood far away,
Is a deep and rocky chasm,
Very lone, and grim, and gray;
Through it glides a mountain torrent,
Sometimes smooth, and dark, and still.
Then it ripples o'er the pebbles
Like a merry gladsome rill;
Or, dashing o'er the slimy rocks,
All foaming white it goes.
Thus adown the rocky chasm,
The mountain torrent flows.

And where it is the deepest,
And the wildest place of all,
Where it rusheth on so madly,
Below the foaming fall,
A rustic bridge was thrown across,
So crumbled with decay,
It seemed as if one crested wave
Would carry it away.

To its beams so old, so very frail,
The dark green ivy clung,
And o'er it many a graceful arch
The climbing grape vine flung;
While shadows fell all darkly
From drooping hemlocks fair,
From dark old pines, and giant oaks,
That grew and flourished there;
And the wind went moaning, moaning,
Such a sad and dismal tale,
That I shuddered as I listened
To its low and mournful wail.

We sported there one summer day,
My fair young friend and I;
The bloom of youth was on her cheek,
The lovelight in her eye;
All along the mossy bank
Our lightsome footsteps flew,
To the fairest, brightest nook of all,
Where dainty flowers grew.

There we wreathed the brightest garlands,
All beautiful and fair,
And lovingly we twined them
In each other's flowing hair.
Then down unto the bridge we went,—
That bridge so old and gray,
It seemed as if one crested wave
Would carry it away.

Yet o'er the slip'ry, mossy plank,
She gaily danced along,
Smiling, and warbling as she went,
A quaint, old, merry song.
There was a low and sullen crash,
And white arms tossed on high—
One look of fearful anguish,
One piercing, wailing cry,
Then, on the mountain torrent rushed
Along its rocky bed,
But *she,* the loved, and beautiful,
Was numbered with the dead.

CORA MAY.

Emerald Grove, Wis., April 3d, 1860.

LUNATIC ASYLUM.—We have received from Mr. F. S. Lawrence, secretary of the Wisconsin State Hospital for the Insane, the following circular, which gives information of general interest:

Section 8, Provides that all Insane persons who are residents of this state, who may be admitted into the said Hospital for treatment, shall be maintained therein at the expense of the state.

Section 9, Provides that the admission of patients from the several counties of this state, shall be in the ratio of the insane population of each of such counties; but every county shall be entitled to at least one.

Section 12, is as follows: "For the admission of patients in the Hospital for the Insane, it shall be a necessary pre-requisite, that two physicians of acknowledged skill and ability in the medical profession, residing in the county in which such person may have a legal residence, shall certify that they have carefully examined into the condition of the person alleged to be insane, and are satisfied that such person is really insane. And it shall be the duty of the Chairman of the Board of Supervisors of the town in which such insane person may reside, or of the President or Mayor of the incorporated village or city in which such insane person may reside, to certify that such examination has been made, and forward such certificate by oath or affirmation attached thereto, together with the certificates of the examining physicians, to the Superintendent of the said Hospital, before such patient shall be entitled to be received by the said Superintendent; and if such patient be in indigent circumstances, application may be made to the Chairman of Supervisors of the town in which he resides, or to the President or Mayor of the incorporated village or city in which he resides, as the case may be; and such Chairman, President or Mayor, shall make an order for his or her removal to the Hospital for the Insane, and shall appoint some suitable person to convey the said patient thereto; and all expenses incurred in conveying such insane persons to the Hospital, and removing them therefrom when required so to remove them, shall be paid by the county in which such person shall have a legal residence."

COMPLIMENTARY—VERY.—The last number of the Southern Confederacy, published at Atlanta, Georgia, has the following complimentary notice of the northern delegates at Charleston:

"High prices for board, the hot climate, the fear of yellow fever, and southern assassination, has rid the convention and the city of many annoyances. Such is the dread of assassination by the Yankees, that it is almost impossible to toll them from their quarters after nightfall. They retire early, pray for the nomination of Douglas; and their immediate delivery from so hot a climate. They try very hard to act like southerners, by eating rice and turnip salad, but invariably retire from the table with potatoes, and a lump of salt in their pockets."

FROM CALIFORNIA.—The California pony express arrived at St. Joseph on the 7th inst., making the trip in nine days and fourteen hours. Seven thousand people had gone to the Washoe silver mines.

The Washington correspondent of the New York Express says:

"There is a good joke going the rounds here that Douglas has notified Mr. Greeley that he cannot be post master general, should he be elected, and that the latter has withdrawn his support from the former."

HEART-RENDING DISASTER.—A despatch from Augusta, Ga., of May 7th, says:

Twenty-nine girls and boys who were on a pic-nic and fishing party, were drowned in Keriken's Mill pond, near Camden, S. C., on Saturday. The boat sunk in the middle of the pond. The water has been drawn off and 19 bodies have been found.

☞ Hon. William Kellogg of Illinois, has been unanimously nominated for re-election.

☞ The venerable Littleton Walker Tazewell, formerly U. S. Senator and Ex-Governor of Virginia, died at Norfolk, on Sunday, aged 85.

☞ Hon Samuel Beardsley died at Utica on the 6th inst. He had been member of congress four terms, judge of the superior court, and had filled other important stations. He had for forty years been prominent as a lawyer and politician.

The Buffalo Commercial Advertiser reports that, from personal information received from that region, it is satisfied that there will be an abundant peach crop in western New York this year.

Special dispatch to the Cincinnati Gazette.

Wendell and Lecompton.

WASHINGTON, May 4.

Wendell's checks to the amount of $925,000 have been displayed before the Covode committee, and Wendell has been on the stand. He acknowledged that he gave Bean, editor of the democratic paper in Fremont, Ohio, $5,000 to aid in carrying the Lecompton bill, because he learned that he had influence with the Ohio democratic delegation. Some of the checks were payable to senators, and some to members of the house. When Wendell was asked to state why he paid these checks to members of congress he declined answering. The committee will call him again, and will probably insist upon an answer to the question.

[From a Special Dispatch to the Cincinnati Gazette.]

WASHINGTON, May 4.

THE FEELING AT WASHINGTON.—Various speculations are of course indulged in as to the probable effect of the adjournment of the convention to Baltimore, but the mass of opinion is that the adjournment, though carried mainly by the friends of Douglas to save him from immediate defeat, has only put off the evil day, and that the convention on reassembling—if it does reassemble, of which some serious doubts are expressed, will in no event make a nomination so entirely distasteful to a large portion of the democratic party. The friends of the Little Giant, though they talk large, are evidently very much under the weather, and looked decidedly blue, especially those who staked their small change on his nomination at Charleston.

Douglas himself keeps a stiff upper lip, and is far from abandoning all hope. He will fight desperately to secure the election in the southern states of delegates devoted to himself, from those districts which have been left unrepresented by the withdrawal of the delegates.

The scheme is full of danger, as it will increase the enmity with which the south now regards him. The most conservative men of the north, who have heretofore been friendly to his pretensions, will now abandon him on the score of unavailability, and will look around for some one who will unite all factions of the party, and stand a fair chance of success.

The Constitution of to-day hoots at the idea that the democracy will longer suffer themselves to be distracted by the ambitious intrigues of one man, and intimates that he must be thrown overboard.

$1,000 Reward

Is offered for the arrest of George Lawrence and B. A. McComb, or either of them. Gov. Kirkwood, of Iowa, offers $500, and the citizens of Ottumwa, Iowa, offer $500, to be paid on the delivery of said Lawrence and McComb, or either of them, at Ottumwa, Iowa. And it is expected the authorities or citizens of Rockford will offer a like sum.

DESCRIPTION OF GEORGE LAWRENCE.—About five feet four or five inches in height; florid complexion; auburn or brown hair; generally wears whiskers on chin, colored black; rather full blue eyes; a small scar (cut) between corner of mouth and check bone on left side (it may be on the right side); heavy set, with a very full breast; short, thick, hard hand; is used to work, but always works with gloves on; when last seen he wore a pair of seal skin gauntlets; scarcely ever walks with his hands in his pockets; has a rolling sailor gait; very seldom puts his feet on anything while sitting; not tidy in his dress; generally wears shirt loose about his neck, is very fond of horses; brags some about his wrestling at side hold; is rather quick in his movements, and is rather communicative. It is believed that he neither uses liquor or tobacco in any manner.

DESCRIPTION OF McCOMB.—McComb is about five feet seven or eight inches in height; very dark complexion; black hair, with a very little gray interspersed; blue eyes; rather downcast look; very heavy beard, when not shaved, and coal black; drinks a good deal of liquor; is not very talkative; has a scar on his forehead, but it cannot be seen without pushing his hair back—about this scar more gray; is between 25 and 30 years old; looks like an Indian; is a notorious villain and horse-thief, has served a term in the Illinois state prison for mail robbing—is connected with a gang of horse thieves in northern Illinois, and goes by the nick name of "Lant. McComb."

On 16th of March last, George Lawrence seduced Laura J. Harvey from her home in Rockford, Illinois, under a sham marriage; and, by agreement, met with said McComb on the Mississippi river. On the 27th of March, the three arrived at Ottumwa, Iowa, and on the night of the 29th they murdered Laura and threw her body into the Des Moines river at this place, and made their escape. We can get no trace of Lawrence. McComb has been traced to Iowa City, where he disposed of their team and wagon, and from there to his father's house, near Rockford, Illinois, and from there to Beloit, Wisconsin; since which we have no intelligence. Laura was only 15 years old, and of a most respectable family residing in Rockford, Illinois.

AN EARTHQUAKE IN EASTERN OHIO.—The Columbus Fact of Thursday evening, says:

On Tuesday last the counties of Guernsey, Belmont and Harrison, in eastern Ohio, were visited by an earthquake, more serious than any preceding one of which there is any record in this section of the country.—The earthquake lasted for about thirty minutes (or *seconds?*) producing the most intense excitement among the inhabitants, and striking terror to the hearts of all who happened to be within its range. At Cambridge, Barnsville and other points, the citizens assembled together in the streets, and prayed for a safe deliverance from the destined fate which seemed impending.

Probably the most singular feature of the event, long to be remembered by those who saw and felt it, was the falling of what is supposed to be meteoric stones in various portions of that locality. Four large stones, weighing from forty to sixty pounds each, fell on or near the track of the Central Ohio Railroad, near Concord, burying themselves in the ground about two feet, while at Claysville, south-east of Cambridge, and other portions of the country, stones of the same quality, but in greater quantities, fell to the earth.

The Cambridge Jeffersonian of Friday makes the following mention of the matter:

No little excitement has arisen from the report that the rumbling sound which alarmed the delicate nerves of so many of our fair sex, on Tuesday last, was caused by the falling of a shower of stones, coming in an oblique direction toward the south-east.—The specimens that we have seen are angular, of light gray color internally, and of dark metallic on the outside. They are very compact and heavy.

Tom Corwin recently compared the dough-face-ism of the democracy to the Ephraim of Scripture, which is said to be "a cake unturned," and said with an inimitable look and manner, "Oh, Ephraim! poor Democratic Ephraim! for God's sake turn over in the pan and bake on the other side."—The effect was electric.

MOST EXTRAORDINARY RESULTS
FROM THE USE OF
WINCHESTER'S GENUINE
Hypophosphites
IN THE CURE OF CONSUMPTION.

I need only call the attention of all Consumptive sufferers, whether in advanced or the incipient stage of the disease, to the following extract from a letter addressed to me by a physician of great experience, and extensive practice in Chester Co., Pa. The voluntary evidence of professional men, such as that of Dr. Townsend, ought to convince the most skeptical of the extraordinary efficacy of my preparation of Hypophosphites:

CHATHAM, PA., 3d Month, 26th, 1860.

FRIEND J. WINCHESTER:— * * Thirty-six persons have obtained the medicine from me, twelve of whom have been under my own care. Five of them were, in my opinion, and in the judgment of other physicians, hopeless cases of Phthisis—irritable cough, copious expectorations of a purulent character, night sweats and emaciation. These cases were from one to three years' standing. Auscultation and percussion developed sounds which, taken in connection with other symptoms, gave evidence of a condition from which I have never, in *seventeen years' practice,* seen a single case recover by any other treatment. * * Under the use of the Hypophosphites, all the bad symptoms ceased; they have gained flesh and strength and health—some of them better than they had enjoyed for seven years previously.

The other cases under my care were in the incipient stage, and in them all symptoms and traces of the disease have disappeared. Of those who were not under my care, I have not heard of a single patient who himself benefitted by the use of the remedy, although in some of them the disease was too far advanced to admit the possibility of recovery.

I presume I am as skeptical in medicines or specifics as most physicians; yet, from the experience I have had in the use of Dr. J. F. Churchill's Remedy for Tuberculosis, I would say to all who have a tendency to that disease—take it, and the sooner the better, before there is any disorganization. * *
W. W. TOWNSEND, M. D.

The Hypophosphites of Lime and Soda

act with promptness and certainty in every stage of Consumption, and with invariable efficacy in all derangements of the nervous and blood systems, general debility, dyspepsia, asthma, rickets, female complaints, spermatorrhea, in all disorders dependent on imperfect or impaired nutrition, and in all cases of local or constitutional debility. They increase the nervous or vital energy, relieve cough, check night sweats, diminish expectoration, improve the appetite, arrest diarrhoea, promote refreshing sleep, and create new and healthful blood. A fair trial is a certain cure.

Winchester's Genuine Preparation

of the Hypophosphites of Lime and Soda, is the only reliable form of Dr. Churchill's remedy, and is approved by the medical profession generally. Use no other or any remedy containing iron.

PRICES.—In 7 and 16 ounce (pint) bottles, $1 and $2 each.

PROMPT AND DESERVED PUNISHMENT.—George Brooks and Alfred Ellis were yesterday tried before police justice Comstock, and sentenced to three months' imprisonment in the county jail for an assault and battery. It was shown in the evidence that both had been drinking during the Sabbath, and becoming quarrelsome, sought several opportunities for a fight. About six o'clock in the evening, Brooks made an assault at the American House, upon James Hemming, and upon Mr. Murdock, the proprietor of the house, interfering, Ellis made an assault upon Murdock. This led to a somewhat general fracas, in which Brooks and Ellis were roughly handled, and both were arrested. When arraigned before the police court, they plead guilty, the former to an assault upon Mr. Hemming, and the latter to an assault upon Mr. Murdock. Mr. Comstock received evidence as to the extent of the riot, with a view to fixing the amount of the penalty, and concluded upon the imprisonment we have stated. Brooks was committed, and Ellis, we understood, was to day in the custody of an officer, looking for bail to appeal to the circuit court.

As an accompaniment to these proceedings, S. S. Eddy was arrested on a complaint of an assault upon J. C. Spencer, who was acting as a special police, under the order of the mayor, in conveying Brooks to jail Sunday evening, after his arrest at the American House. Spencer was returning from the jail, when Eddy assaulted him. Eddy plead not guilty. A jury trial was awarded him. He was convicted, and justice Comstock fined him $15 and costs of trial.

Justice Comstock is entitled to the thanks of every peaceable citizen for his decision in these cases, and we hope he will receive that support which will encourage him in all cases to administer the law effectively and promptly.

Editors Daily Gazette—

Your reporter's account of the proceedings of the common council on Friday evening last, seems to me rather meagre, or at least not full enough to give your readers the more important facts relating to the motion to allow judgments to be confessed in favor of teachers on school orders. The amount of orders to teachers for which judgments were directed to be entered were $2,456.

Among the last acts of the old council was a resolution to confess judgment in favor of Dewey, Todd & Co. for $660 for coal used in the public schools, making, together over $3,100 for which judgments are ordered to be confessed for *expenses of schools* in this city within the past five or six months. The city charter empowers the common council to levy and collect $6,500 *annually for all school purposes in the city*, and the council have no legal right or authority to levy any greater sum in any year for all school purposes. But the common council have actually levied in the city for school expenses for the year 1858 the sum of $7,953, and for the year 1859 the sum of $7,700. Thus in the year 1858 the council exceeded its power to levy taxes for school expenses by the sum of $1,453, and in 1859 by the sum of $1,200, and I have no doubt that as matter of law, the tax levy for each of the years 1858 and 1859 was for that reason *illegal and void*, and that any person in the city whose property was assessed for such illegal school taxes could successfully have resisted the collection of such taxes. The object of getting the above judgments against the city for teachers' wages and fuel for schools, is to *compel* the common council to levy and collect the amounts thus in judgment *in addition to the amount which by the charter the council is authorized to raise.*

The consequence will be that the common council will be required to levy for school purposes along within the city for the year 1860, between $10,500 and $11,000.

The practice of confessing judgments upon which to compel the inhabitants to pay double the amount of taxes for schools, which the charter authorises and expressly provides for, is a manifest invasion of the limitations and restrictions contained in the charter and is a palpable violation of the law which was designed to protect the property owners against excessive taxation.

The charter enumerates the objects and purposes for which the common council is authorised to raise money by tax, and particularly *specifies the sum for each object*, beyond which it cannot go, and it also provides penalties against those members of the council or board of education who shall vote to raise more than the amount so specified for any given object, or who shall appropriate any money from any of the funds for any claim or demand not properly payable out of such fund.

That which is true of the school fund is equally so of every other fund, and judgments have been confessed by the order of the common council for various purposes which the charter expressly enumerates, below the school fund, *over and above the sum and which the charter authorises*, and if this practice is continued and sanctioned, judgments may be confessed to an *unlimited amount* beyond what the charter authorises and so the charter becomes a *dead letter* and the *limitations and restrictions there, in nugatory.*

Already the burdens of taxation have become enormous as to reduce the saleable value of all property in the city at least 25 to 33 per cent., and many persons find it difficult to keep possession of their homesteads under the demands of the tax collector. We ought to insist that the expenses of the city shall be brought *within the amount authorised* by law for that purpose, and that those school orders ought to be paid out of the fund which the charter provides for that purpose. From present appearances it would not surprise me if $35,000 should be required to meet the demands of the year 1860. Those of 1859 were burdensome enough, and yet only about $19,200 was levied last year. T.

A NEW STYLE.—The Madison Argus of Monday morning says:—"A very respectable German citizen lost his wife, recently, and yesterday announced in handbill form, that were posted about the city, the hour of her funeral and the order of services. It was signed by his own name. This is making rather more of a business mater of it than is common."

ALBION ACADEMY.—There are few schools with which we are acquainted doing more for the education of young men and women than this.

The average attendance is over one hundred students. No doubt its success is somewhat due to its situation, as it is situated in a retired and quiet community, where the sale of ardent spirits has never existed. Young men can find no place of vicious resort here, not even cigars.

Students are watched over with parental solicitude. No student of bad habits or immoral character is allowed to remain. The closest application to study is required of each pupil.

Lectures as to the health and habits of students are regularly given. They are required to rise at 5 A. M., and to retire at 9.30 P. M. Any student absent from his or her room during study hours, or from recitation, is promptly called on for an explanation.

The faculty consists of nine teachers, six gentlemen and three ladies.

We wish every young man and woman in the state could be educated at a similar institution. VIATOR.

LIFE INSURANCE.—Those desiring this *safest* and *cheapest* protection for their families, can secure it in our Wisconsin company. It has already become, in reality, a state institution, having agents and patrons among the best business men in all the principal towns in the state. It is no longer a matter of doubt that life insurance can be conducted as well in Wisconsin as in Connecticut or any other eastern state.

Thus while duty demands that men should insure their lives, it also demands that they should keep their money for investment at home. Confident that our success has been more than equal to that of the most "unprecedented," we would cordially invite all our citizens to call at the office, south-west corner of Main and Wisconsin streets, and examine for themselves.

Non-Explosive Burning Fluid

USED WITH SAFETY & ECONOMY.

The Best in the Market.

Palmer's Drug and Tea Store.

WE have, for several years past dealt largely in BURNING FLUID, and have always, thus far, kept fully *up to the times*, in any improvements made in its manufacture. Nearly a year ago, in an appeal in favor of its more general use, based upon the fact that the raw material from which it is made, is mainly the product of our own farms, we publicly announced that there was, at the temperature at which it is generally used, "*no explosive power whatever in Burning Fluid, as now made by those who understand the business in which they are engaged.* That injury from its use was either the result of gross carelessness, or of undue alarm caused by a belief in its explosive power," &c. Since then we have manufactured and sold thousand of gallons to consumers in this city and vicinity, and if our assumption was an erroneous one, it would undoubtedly have been discovered ere this.

We are prepared to submit our Fluid to any test the public may call for, satisfied that, with ordinary care, *no safer, better or more agreeable light can be produced.* As we are indebted to no traveling "Prof. GRIFF—O," for the high state of perfection attained by us in its manufacture, we are, as usual, prepared to offer our Fluid at the *LOWEST MARKET FIGURES*, and to guarantee entire satisfaction in its use, or the money refunded. Platforms.

It cannot be denied that platforms are essential to a political party. Their construction is attended with almost as much trouble as the nomination of a candidate to stand upon them. The late Charleston convention split wide apart in its attempt to form a *new* platform for the democratic party. The south desired to say plainly what they meant about the treatment of slavery—the northern Douglas men wished to cover up in smooth two-sided words what they really meant to do. They did not dare to tell the north that they would protect slavery in the territories by congressional intervention, although they were perfectly willing to do so, if the supreme court would stand between them and all harm from the people. The south, not daring to trust them on this point, seceded. We think the northern democrats might have been relied upon—all they wanted to do was to dodge the people of the north—when once in power they would have been as subservient as ever to the south. We judge that this would have been so because such has ever heretofore been the history of the northern democracy.

The democratic party having ruined themselves in making a platform, it should be a warning to the republican national convention not to attempt to make any radical change in the platform upon which the party was formed in 1856. We have noticed a disposition on the part of some of our cotemporaries to urge a change of that portion of the platform which relates to slavery, so that it may be made more indefinite, and thus, perhaps, include in some places the doctrine of squatter sovereignty, and in others congressional intervention; leaving to each individual and locality a choice of the means for the prevention of slavery extension.

We confess that our predilections are in favor of the platform of 1856 in this respect. It plainly asserts the doctrine of the republican party upon this subject. There has been no change in the sentiments of the great mass of republicans from the time the party was formed, to this hour. We now deny as we did then, "the authority of congress, of a territorial legislature, of any individual or association, to give legal existence to slavery in any territory of the United States." We believe now, as then, that "the constitution confers on congress *sovereign power* over the territories of the United States," and that it "is both the right and the *duty* of congress to prohibit in the territories polygamy and slavery."

This is the only means by which the principle of opposition to slavery can be carried out. To leave it to be voted "up or down" in the territories, when we acknowledge our sovereign power over it through congressional intervention, and our *duty* to use that power, is preposterous in the extreme. We regret very much to see any disposition manifested to weaken this position taken by the republican party, for the sake of getting a few more votes; we apprehend that there would be some danger of losing a greater number of votes than we can gain by it; while we certainly yield the vital principle upon which the party was formed, when we strike out this portion of our platform, and assent generally and vaguely that we will use all constitutional means to prevent the extension of slavery into territories now free, as is proposed by the Chicago Tribune and the Milwaukee Free Democrat.

We believe the adoption of the platform of 1856 just as it is, with the addition of Free Homesteads, is desired by nineteen-twentieths of the republican party. We must not attempt to deceive the people by generalities. If we are to administer the government for the next five years, we must be frank enough to descend to some particulars, and proclaim how it is to be done. The "fast and loose" game that was played by the democrats upon the Cincinnati platform will not do for a republican constituency. They demand to know what they are voting for, and we believe they will not be content with the platform of *four lines*, which the Tribune and Free Democrat propose.

THE STATE PRINTING CASES.—The cases of Carpenter & Hyer, publishers of the Patriot, and state printers, which were in the supreme court, have been discontinued.—They were a lot of mandamus cases to compel the state treasurer to pay some thirty-eight or forty thousand dollars. They are discontinued because they have otherwise settled the state printing matter.—*Madison Argus.*

One of the conditions of the settlement with the state printer was not only the withdrawal of these suits commenced against the state, which sought to enforce the payment of the warrants drawn by the late secretary of state and refused by the treasurer but involved also the claim of the contractor to a larger amount than 50 cents a description for advertising the delinquent school, university and swamp lands. The contractor had determined to contest this point in the courts. The settlement, in short, was an equitable one upon every service rendered by the contractor, instead of a legal adjudication. In view of the uncertainty of such adjudications, and the delay and expense attending them, the settlement finally made was undoubtedly the best for all the parties interested.

What were the first words Adam said to Eve? Nobody knows.

THE EDITORIAL CONVENTION.—Let us go to Green Bay—listen to the address—the poem—the eulogy on young Smead—transact a heap of work that ought to be attended to, pay our bills like the independent men we profess to be, and come home with reputations unsullied for sobriety and independence, if not for ability. If we can't do that, let us put on old clothes, (that is if we have any old clothes to put on) take our hat in hand, and with a piteous look implore charity in the shape of coppers and postage stamps of every one we meet, while going or returning, and hereafter acknowledge that we live by begging. God knows we are poor enough, all of us, but there is no need of letting the world know of our poverty—of begging while we can steal, or of riding a free horse to death! Let us all go to Green Bay, have a good time, take along our wives or sweethearts, ride out on the bay and river, transact our business, and if we can get a hall, have a social family dance, pay our bills, then come home sober, and under no particular obligations to any one for anything more than their kindness and good opinions, which we will endeavor to merit.—*La Crosse Union.*

This is sensible and timely advice. Some features in former conventions need reformation, and we hope the assemblage at Green Bay will inaugurate the change that all will admit is desirable, if not absolutely necessary. There is no good reason why the editors and publishers of Wisconsin, when they meet for their own benefit or amusement, should be treated as favored guests of the community where they assemble, or regarded as licensed paupers, to whom an extorted hospitality is unwillingly extended. If they are not able to attend their annual meetings upon the same conditions as delegates to a political convention, they had better remain at home and forego the pleasures or benefits of a merely social gathering. We do not wish to act as monitor in this matter, but we do hope our associates in a respectable profession will at least refrain from those things which are well calculated to bring that profession into disrespect.

MILWAUKEE AND MISSISSIPPI ROAD.—The Tribune, of last Tuesday, says: "The committee of bondholders of the Milwaukee and Mississippi road, appointed at the meeting on Friday, made a report to-day in favor of adopting the scheme of recognization proposed by the board. The agreement of assent was signed by those present. The road, we understand, will pass into the possession of Mr. Isaac Seymour, of the Bank of North America, trustee under the second mortgage, on the 10th inst., and proceedings to foreclosure, under the first and second mortgages, will be at once commenced."

LATER FROM EUROPE.—The steamship Brazil has arrived, having left Galway on the 29th. Heenan has made a formal demand for the belt. Bell's Life treats the claim as preposterous, and asserts that the chances were in favor of Sayers. £200 had been collected in the House of Commons for Sayers. He will not be able to use his arm in two months. The Prince of Wales will not visit Canada before the first week in July. The voting in Savoy for annexation to France will exceed 100,000 in favor, and only 1200 against it. Arrests had been made in Paris in consequence of another plot by Italians.

The will of John G. Boker, late of New York, has been admitted to probate. He left property amounting to $1,800,000, of which his daughter Mary Ann, wife of John Dean, the coachman, will not receive one cent, as she was specially disinherited by a codicil.

REPORTED FOR THE MORNING GAZETTE.

BY WISCONSIN STATE TELEGRAPH LINE,
Office in Union Passenger Depot.

NEW YORK, May 8.

At a meeting at the Metropolitan last night, Gen. Houston was strongly recommended for president, and a committee appointed to get up a mass meeting.

Tribune's Washington Correspondence.—Mr. Wendell's testimoney before the Covode committee, established the fact that he expended between $30,000 and $40,000 on the English bill, part of which has been traced, and the rest in a fair way of discovery.

The evidence of Simeon Johnson, furnishes another link in the chain, proving that the Lecompton constitution was made here and sent to Kansas by an administration agent.

The Market.

NEW YORK, May 8.

Flour market 5a10c lower, sales 10,800 bbls, 5,35a5,40 super state; 5,45a5,80 common to medium extra western. Wheat market 1c higher, with better export demand, sales 10,000 bush. 1,29a1,32 Milwaukee club; 1,50 winter and red western; 1,60 white Canada and Indiana. Rye quiet. Barley dull and nominal. Corn opened steady and closed dull.

News from Europe by the Bohemian.

The frauds committed by W. G. Fullinger, chief cashier of the Union Bank of London, amount to the immense sum of £243,000, (nearly $1,225,000) which places him at the head of that class of defaulters in London.

The earl of St. Germain, lord steward of the queen's household, goes to Canada in the retinue of the prince of Wales.

Lord Elgin was to leave London on the 25th of April for China.

It is stated that £70,000 have been paid from Lloyd's on the ship and cargo of the steamship Hungarian.

The weather throughout England continued cold and wintry. Spring was very backward, and gave some little anxiety regarding agricultural prospects.

The volunteer force engaged has reached 124,000 men.

FRANCE.—Baron Gros was to leave Paris for China on the 25th of April.

It was stated that Austria, Russia and Prussia had agreed to the proposition that the contemplated European conference of France on the Swiss question should meet in Paris. The conference, it is presumed, will be composed of the following powers: Austria, France, England, Spain, Portugal, Prussia, Russia, Sardinia, Sweden, and Switzerland, who will be represented by their ambassadors to France.

The Paris flour market was firmer, and advanced 1 f. per sack. There was a short supply of wheat, which had advanced to 70c. per sack. The bourse on the 24th was flat and drooping. Reates closed at 70f. 5c.

ITALY.—The king continued his triumphant progress through his new dominions.—He was at Leghorn on the 23d.

The criminal proceedings at Bologna against Father Felletti, an inquisitor of the holy office, for the abduction of the child Mortara, has resulted in has acquittal.

The king of Sardinia, following the advice of France, had for the moment abandoned the idea of taking the title of king of Italy.

NAPLES.—Accounts from various sources represent the insurrection in Sicily as completely suppressed.

The Independence Belge states that the Count of Syracuse had written Prince D'Corrigan, stating that he would offer his sword to the king of Sardinia and espouse the cause of Italian nationality, if his nephew, the king of Naples, persists in his dangerous policy of refusing to restore the Neapolitan Constitution of 1848.

AUSTRIA.—Baron Bruck, minister of finance, died on the 22d.

INDIA AND CHINA.—Calcutta telegrams give reports of disturbances having broken out in Cahoul.

Canton dispatches dated March 14th state that the rebel disturbances were increasing throughout China. It was rumored in Shanghai that the four war vessels which recently proceeded to the Pecheelle river carried an ultimatum to the Chinese government.

Affairs in Japan had become warm.—The foreign community was in great apprehension, two Dutch captains having been murdered in Tokohala, without giving offence.

LIVERPOOL BREADSTUFFS.—Richardson, Spence & Co., quote flour quiet but steady; sales of American 26s6da30s. Wheat firm at full prices, red 10s6da10s10d; white 11s a12s6d. Corn had an advancing tendency, but closed quiet, mixed 36sa36s6d: yellow 37sa37s6d; white 38sa40s.

Wakefield, Nash & Co., report corn 6d better for good qualities.

London breadstuffs quiet. Sugar steady, Coffee firm. Tea unchanged.

AT RICHMOND.—It appears that the telegraph made a mistake in stating that the convention of seceders at Charleston adjourned to re-assemble at Washington.—Richmond, Virginia, is the place to which they adjourned, and are to re-assemble there on the 12th of June next, which is just six days prior to the re-assembling of the doughface Douglas convention at Baltimore.

☞ The Covode committee at Washington, after tracing out the recipients of the Lecompton fund, will attempt to ferret out the authors of the constitution. It is fully believed that they either occupy seats in the cabinet, or that the plan of its submission was furnished by persons whom they controlled. Gov. Walker has again been called upon this subject.

We should suppose the New York Tribune just now, would feel like setting up in the business of prophecy. Its chief editor not long since took a tour through the west, and announced the nomination of Douglas as certain. When the convention opened, as the result of a careful calculation, it gave Douglas 180 votes to start with, and a certainty of getting in a short time all the rest he wanted. After the convention had been in session several days, it announced that the most skeptical were at length getting their eyes open to what the Tribune had long foreseen, that the nomination of Douglas was inevitable. And after the southern bolt it announced that Douglas' nomination would surely take place on the first ballot. Not one of these predictions has come any where near a fulfillment.—*Free Democrat.*

The Japanese have discovered that a few seconds previous to an earthquake, the magnet temporarily loses its power, and have ingeniously constructed a light frame supporting a horse-shoe magnet, beneath which is a cup of bell metal. To the armature is attached a weight; so that upon the magnet becoming paralyzed, the weight drops, and striking the cup, gives the alarm. Every one in the house then seeks the open air for safety.

An English paper says Gen. *Dred* Scott commands the United States army.

A Memory.

In a dim and dark old forest,
A wildwood far away,
Is a deep and rocky chasm,
Very lone, and grim, and gray;
Through it glides a mountain torrent,
Sometimes smooth, and dark, and still,
Then it ripples o'er the pebbles
Like a merry gladsome rill;
Or, dashing o'er the slimy rocks,
All foaming white it goes,
Thus adown the rocky chasm,
The mountain torrent flows.

And where it is the deepest,
And the wildest place of all,
Where it rusheth on so madly,
Below the foaming fall,
A rustic bridge was thrown across,
So crumbled with decay,
It seemed as if one crested wave
Would carry it away.

To its beams so old, so very frail,
The dark green ivy clung,
And o'er it many a graceful arch
The climbing grape vine flung;
While shadows fell all darkly
From drooping hemlocks fair,
From dark old pines, and giant oaks,
That grew and flourished there;
And the wind went moaning, moaning,
Such a sad and dismal tale,
That I shuddered as I listened
To its low and mournful wail.

We sported there one summer day,
My fair young friend and I;
The bloom of youth was on her cheek,
The lovelight in her eye;
All along the mossy bank
Our lightsome footsteps flew,
To the fairest, brightest nook of all,
Where dainty flowers grew.

There we wreathed the brightest garlands,
All beautiful and fair,
And lovingly we twined them
In each other's flowing hair.
Then down unto the bridge we went,—
That bridge so old and gray,
It seemed as if one crested wave
Would carry it away.

Yet o'er the slip'ry, mossy plank,
She gaily danced along,
Smiling, and warbling as she went,
A quaint, old, merry song.
There was a low and sullen crash,
And white arms tossed on high—
One look of fearful anguish,
One piercing, wailing cry,
Then, on the mountain terrent rushed
Along its rocky bed,
But *she*, the loved, and beautiful,
Was numbered with the dead.

CORA MAY.

Emerald Grove, Wis., April 3d, 1860.

LUNATIC ASYLUM.—We have received from Mr. F. S. Lawrence, secretary of the Wisconsin State Hospital for the Insane, the following circular, which gives information of general interest:

Section 8, Provides that all Insane persons who are residents of this state, who may be admitted into the said Hospital for treatment, shall be maintained therein at the expense of the state.

Section 9, Provides that the admission of patients from the several counties of this state, shall be in the ratio of the insane population of each of such counties; but every county shall be entitled to at least one.

Section 12, is as follows: "For the admission of patients in the Hospital for the Insane, it shall be a necessary pre-requisite, that two physicians of acknowledged skill and ability in the medical profession, residing in the county in which such person may have a legal residence, shall certify that they have carefully examined the condition of the person alleged to be insane, and are satisfied that such person is really insane. And it shall be the duty of the Chairman of the Board of Supervisors of the town in which such insane person may reside, or of the President or Mayor of the incorporated village or city in which such insane person may reside, to certify that such examination has been made, and forward such certificate by oath or affirmation attached thereto, together with the certificates of the examining physicians, to the Superintendent of the said Hospital, before such patient shall be entitled to be received by the said Superintendent; and if such patient be in indigent circumstances, application may be made to the Chairman of Supervisors of the town in which he resides, or to the President or Mayor of the incorporated village or city in which he resides, as the case may be; and such Chairman, President or Mayor, shall make an order for his or her removal to the Hospital for the Insane, and shall appoint some suitable person to convey the said patient thereto; and all expenses incurred in conveying such insane persons to the Hospital, and removing them therefrom when required so to remove them, shall be paid by the county in which such person shall have a legal residence."

COMPLIMENTARY—VERY.—The last number of the Southern Confederacy, published at Atlanta, Georgia, has the following complimentary notice of the northern delegates at Charleston:

"High prices for board, the hot climate, the fear of yellow fever, and southern assassination, has rid the convention and the city of many annoyances. Such is the dread of assassination by the Yankees, that it is almost impossible to toll them from their quarters after nightfall. They retire early, pray for the nomination of Douglas, and their immediate delivery from so hot a climate. They try very hard to act like southerners, by eating rice and turnip salad, but invariably retire from the table with potatoes, and a lamp of salt in their pockets."

FROM CALIFORNIA.—The California pony express arrived at St. Joseph on the 7th inst., making the trip in nine days and fourteen hours. Seven thousand people had gone to the Washoe silver mines.

The Washington correspondent of the New York Express says:

"There is a good joke going the rounds here that Douglas has notified Mr. Greeley that he cannot be post master general, should he be elected, and that the latter has withdrawn his support from the former."

HEART-RENDING DISASTER.—A despatch from Augusta, Ga., of May 7th, says:

Twenty-nine girls and boys who were on a pic-nic and fishing party, were drowned in Keriken's Mill pond, near Camden, S. C., on Saturday. The boat sank in the middle of the pond. The water has been drawn off and 19 bodies have been found.

☞ Hon. William Kellogg of Illinois, has been unanimously nominated for re-election.

☞ The venerable Littleton Walker Tazewell, formerly U. S. Senator and Ex-Governor of Virginia, died at Norfolk, on Sunday, aged 85.

☞ Hon Samuel Beardsley died at Utica on the 6th inst. He had been member of congress four terms, judge of the superior court, and had filled other important stations. He had for forty years been prominent as a lawyer and politician.

The Buffalo Commercial Advertiser reports that, from personal information received from that region, it is satisfied that there will be an abundant peach crop in western New York this year.

Special dispatch to the Cincinnati Gazette.

Wendell and Lecompton.

WASHINGTON, May 4.

Wendell's checks to the amount of $925,000 have been displayed before the Covode committee, and Wendell has been on the stand. He acknowledged that he gave Bean, editor of the democratic paper in Fremont, Ohio, $5,000 to aid in carrying the Lecompton bill, because he learned that he had influence with the Ohio democratic delegation. Some of the checks were payable to senators, and some to members of the house. When Wendell was asked to state why he paid these checks to members of congress he declined answering. The committee will call him again, and will probably insist upon an answer to the question.

[From a Special Dispatch to the Cincinnati Gazette.]

WASHINGTON, May 4.

THE FEELING AT WASHINGTON.—Various speculations are of course indulged in as to the probable effect of the adjournment of the convention to Baltimore, but the mass of opinion is that the adjournment, though carried mainly by the friends of Douglas to save him from immediate defeat, has only put off the evil day, and that the convention on reassembling—if it does reassemble, of which some serious doubts are expressed, will in no event make a nomination so entirely distasteful to a large portion of the democratic party. The friends of the Little Giant, though they talk large, are evidently very much under the weather, and looked decidedly blue, especially those who stoked their small change on his nomination at Charleston.

Douglas himself keeps a stiff upper lip, and is far from abandoning all hope. He will fight desperately to secure the election in the southern states of delegates devoted to himself, from those districts which have been left unrepresented by the withdrawal of the delegates.

The scheme is full of danger, as it will increase the enmity with which the south now regards him. The most conservative men of the north, who have heretofore been friendly to his pretensions, will now abandon him on the score of unavailability, and will look around for some one who will unite all factions of the party, and stand a fair chance of success.

The Constitution of to-day hoots at the idea that the democracy will longer suffer themselves to be distracted by the ambitious intrigues of one man, and intimates that he must be thrown overboard.

$1,000 Reward

Is offered for the arrest of George Lawrence and B. A. McComb, or either of them. Gov. Kirkwood, of Iowa, offers $500, and the citizens of Ottumwa, Iowa, offer $500, to be paid on the delivery of said Lawrence and McComb, or either of them, at Ottumwa, Iowa. And it is expected the authorities or citizens of Rockford will offer a like sum.

DESCRIPTION OF GEORGE LAWRENCE.—About five feet four or five inches in height; florid complexion; auburn or brown hair; generally wears whiskers on chin, colored black; rather full blue eyes; a small scar (cut) between corner of mouth and cheek bone on left side (it may be on the right side); heavy set, with a very full breast; short, thick, hard hand; is used to work, but always works with gloves on; when last seen he wore a pair of seal skin gauntlets; scarcely ever walks with his hands in his pockets; has a rolling sailor gait; very seldom puts his feet on anything while sitting; not tidy in his dress; generally wears shirt loose about his neck, is very fond of horses; brags some about his wrestling at side hold; is rather quick in his movements, and is rather communicative. It is believed that he neither uses liquor or tobacco in any manner.

DESCRIPTION OF McCOMB.—McComb is about five feet seven or eight inches in height; very dark complexion; black hair, with a very little gray interspersed; blue eyes; rather downcast look; very heavy beard, when not shaved, and coal black; drinks a good deal of liquor; is not very talkative; has a scar on his forehead, but it cannot be seen without pushing his hair back—about this scar more gray; is between 25 and 30 years old; looks like an Indian; is a notorious villain and horse-thief, has served a term in the Illinois state prison for mail robbing—is connected with a gang of horse thieves in northern Illinois, and goes by the nick name of "Lant. McComb."

On 16th of March last, George Lawrence seduced Laura J. Harvey from her home in Rockford, Illinois, under a sham marriage; and, by agreement, met with said McComb on the Mississippi river. On the 27th of March, the three arrived at Ottumwa, Iowa, and on the night of the 29th they murdered Laura and threw her body into the Des Moines river at this place, and made their escape. We can get no trace of Lawrence. McComb has been traced to Iowa City, where he disposed of their team and wagon, and from there to his father's house, near Rockford, Illinois, and from there to Beloit, Wisconsin; since which we have no intelligence. Laura was only 15 years old, and of a most respectable family residing in Rockford, Illinois.

AN EARTHQUAKE IN EASTERN OHIO—The Columbus Fact of Thursday evening, says:

On Tuesday last the counties of Guernsey, Belmont and Harrison, in eastern Ohio, were visited by an earthquake, more serious than any preceding one of which there is any record in this section of the country.—The earthquake lasted for about thirty minutes (or *seconds?*) producing the most intense excitement among the inhabitants, and striking terror to the hearts of all who happened to be within its range. At Cambridge, Barasville and other points, the citizens assembled together in the streets, and prayed for a safe deliverance from the destined fate which seemed impending.

Probably the most singular feature of the event, long to be remembered by those who saw and felt it, was the falling of what is supposed to be meteoric stones in various portions of that locality. Four large stones, weighing from forty to sixty pounds each, fell on or near the track of the Central Ohio Railroad, near Concord, burying themselves in the ground about two feet, while at Claysville, south-east of Cambridge, and other portions of the country, stones of the same quality, but in greater quantities, fell to the earth.

The Cambridge Jeffersonian of Friday makes the following mention of the matter:

No little excitement has arisen from the report that the rambling sound which alarmed the delicate nerves of so many of our fair sex, on Tuesday last, was caused by the falling of a shower of stones, coming in an oblique direction toward the south-east.—The specimens that we have seen are angular, of light gray color internally, and of dark metallic on the outside. They are very compact and heavy.

Tom Corwin recently compared the dough-face-ism of the democracy to the Ephraim of Scripture, which is said to be "a cake unturned," and said with an inimitable look and manner, "Oh, Ephraim! poor Democratic Ephraim! for God's sake turn over in the pan and bake on the other side."—The effect was electric.

Having purchased the sole right to manufacture and sell Prof. Greenough's Non-Explosive Burning Fluid, and having fully tested the same before many of our best citizens who are all satisfied of its important advantages over any fluid in use, I am prepared to supply all with this valuable article, and at the same price as the ordinary explosive fluid. It is used in the same lamps with no extra expense to consumers. It gives bright, clear light, is more durable, and it is free from the *dangerous* properties.

Any person can satisfy himself of its merits by calling and witnessing experiments.

MOST EXTRAORDINARY RESULTS
FROM THE USE OF
WINCHESTER'S GENUINE
Hypophosphites
IN THE CURE OF CONSUMPTION.

I need only call the attention of all Consumptive sufferers, whether in advanced or the incipient stage of the disease, to the following extract from a letter addressed to me by a physician of great experience, and extensive practice in Chester Co., Pa. The voluntary evidence of professional men, such as that of Dr. Townsend, ought to convince the most skeptical of the extraordinary efficacy of my preparation of Hypophosphites:

CHATHAM, PA., 3d Month, 26th, 1860.

FRIEND J. WINCHESTER:— * * Thirty-six persons have obtained the medicine from me, twelve of whom have been under my own care. Five of them were, in my opinion, and in the judgment of other physicians, hopeless cases of Phthisis—irritable cough, copious expectorations of a purulent character, night sweats and emaciation. These cases were from one to three years' standing. Auscultation and percussion developed sounds which, taken in connection with other symptoms, gave evidence of a condition from which I have never, in seventeen years' practice, seen a single case recover by any other treatment. * * Under the use of the Hypophosphites, all the bad symptoms ceased: they have gained flesh and strength and health—some of them better than they had enjoyed for seven years previously.

The other cases under my care were in the incipient stage, and in them all symptoms and traces of the disease have disappeared. Of those who were not under my care, I have not heard of a single patient who himself benefitted by the use of the remedy, although in some of them the disease was too far advanced to admit the possibility of recovery.

I presume I am as skeptical in medicines or specifics as most physicians; yet, from the experience I have had in the use of Dr. J. F. Churchill's Remedy for Tuberculosis, I would say to all who have a tendency to that disease—take it, and the sooner the better, before there is any disorganization. * * *
W. W. TOWNSEND, M. D.

The Hypophosphites of Lime and Soda

act with promptness and certainty in every stage of Consumption, and with invariable efficacy in all derangements of the nervous and blood systems, general debility, dyspepsia, asthma, rickets, female complaints, spermatorrhea, in all disorders dependent on imperfect or impaired nutrition, and in all cases of local or constitutional debility. They increase the nervous or vital energy, relieve cough, check night sweats, diminish expectoration, improve the appetite, arrest diarrhœa, promote refreshing sleep, and create new and healthful blood. A fair trial is a certain cure.

Winchester's Genuine Preparation

of the Hypophosphites of Lime and Soda, is the only reliable form of Dr. Churchill's remedy, and is approved by the medical profession generally. Use no other or any remedy containing iron.

PRICES.—In 7 and 16 ounce (pint) bottles, $1 and $2 each.

Would respectfully announce to the citizens of Janesville and vicinity, the arrival from the east of his brother, Dr. G. W. Dr. S. would also inform the public that at great expense he has obtained the right of using "Goodyear's Celebrated Patent Vulcanised Rubber Base" for artificial teeth, which for lightness, durability, cheapness and comfort, he feels perfectly safe in recommending as being *far superior to continuous gum work,* and is now prepared, with the aid of his brother, to insert part or whole sets of teeth in all the most improved styles and is determined that his work shall be second to that of no other. All who wish to secure a good set of artificial teeth will do well to call and examine specimens. All work warranted and perfect satisfaction given or no charge. NOTICE TO CONTRACTORS AND BUILDERS.

Important Discoveries and New Arrangements!

THE subscriber has discovered upon his premises a splendid

QUARRY OF FREESTONE,

which promises to surpass anything yet found in the state, as well as to add to the many already developed resources of our city,

A Beautiful, Cheap and Durable Building Material.

He has made arrangements to work this, together with the justly celebrated

Monterey Lime Stone Quarry,

on a scale equal to the demands of our enterprising citizens, and in order to accommodate his numerous customers, he has made arrangements to keep constantly on hand a large supply of

ATHENS MARBLE

(or Chicago stone.) He is now fitting up extensive saw and scouring mills, and other machinery necessary for working the same, at a great reduction from former prices.

He also wishes to call attention to the fact that sand cutting or dimension stone can only be found at great distances from the surface, and that the Monterey Quarry is the only one in this county that has been worked far enough to reach those formations that are imperishable when exposed to the action of air and frost.

He is also supplying his Quarry with Derricks to facilitate the handling and loading large stone, and is fitting up expensive wagons, carts and trucks, rigged with the most approved appliances for moving and delivering dimension stone of any size, from two to thirty feet square, and from six to twenty inches thick, or any required length up to one hundred feet, to any part of the city or on board of the cars.

He is prepared to furnish

Cut Stone

of every description,

PLAIN, MOULDED, CARVED OR POLISHED FLAGGING

of any required dimension.

Curbing, Paving, Ruble and Coursing

stone of the best quality in the state, all of which will be delivered at his Quarries or any part of the city, to suit purchasers.

In conclusion, he begs to assure the public that from the superior quality of his materials, and facilities for furnishing, he can and will make it to their interests to patronize the Monterey Quarries.

All Orders from the city or country will be promptly attended to.

PROMPT AND DESERVED PUNISHMENT.—George Brooks and Alfred Ellis were yesterday tried before police justice Comstock, and sentenced to three months' imprisonment in the county jail for an assault and battery. It was shown in the evidence that both had been drinking during the Sabbath, and becoming quarrelsome, sought several opportunities for a fight. About six o'clock in the evening, Brooks made an assault at the American House, upon James Hemming, and upon Mr. Murdock, the proprietor of the house, interfering, Ellis made an assault upon Murdock. This led to a somewhat general fracas, in which Brooks and Ellis were roughly handled, and both were arrested. When arraigned before the police court, they plead guilty, the former to an assault upon Mr. Hemming, and the latter to an assault upon Mr. Murdock. Mr. Comstock received evidence as to the extent of the riot, with a view to fixing the amount of the penalty, and concluded upon the imprisonment we have stated. Brooks was committed, and Ellis, we understood, was to-day in the custody of an officer, looking for bail to appeal to the circuit court.

As an accompaniment to these proceedings, S. S. Eddy was arrested on a complaint of an assault upon J. C. Spencer, who was acting as a special police, under the order of the mayor, in conveying Brooks to jail Sunday evening, after his arrest at the American House. Spencer was returning from the jail, when Eddy assaulted him. Eddy plead not guilty. A jury trial was awarded him. He was convicted, and justice Comstock fined him $15 and costs of trial.

Justice Comstock is entitled to the thanks of every peaceable citizen for his decision in these cases, and we hope he will receive that support which will encourage him in all cases to administer the law effectively and promptly.

Editors Daily Gazette—

Your reporter's account of the proceedings of the common council on Friday evening last, seems to me rather meagre, or at least not full enough to give your readers the more important facts relating to the motion to allow judgments to be confessed in favor of teachers on school orders. The amount of orders to teachers for which judgments were directed to be entered were $2,456.

Among the last acts of the old council was a resolution to confess judgment in favor of Dewey, Todd & Co. for $660 for coal used in the public schools, making, together over $3,100 for which judgments are ordered to be confessed for *expenses of schools* in this city within the past five or six months. The city charter empowers the common council to levy and collect $6,500 *annually for all school purposes in the city*, and the council have no legal right or authority to levy any greater sum in any year for all school purposes. But the common council have actually levied in the city for school expenses for the year 1858 the sum of $7,953, and for the year 1859 the sum of $7,700. Thus in the year 1858 the council exceeded its power to levy taxes for school expenses by the sum of $1,453, and in 1859 by the sum of $1,200, and I have no doubt that as matter of law, the tax levy for each of the years 1858 and 1859 was for that reason *illegal and void*, and that any person in the city whose property was assessed for such illegal school taxes could successfully have resisted the collection of such taxes. The object of getting the above judgments against the city for teachers' wages and fuel for schools, is to *compel* the common council to levy and collect the amounts thus in judgments in *addition to the amount which by the charter the council is authorised to raise.*

The consequence will be that the common council will be required to levy for school purposes alone within the city for the year 1860, between $10,800 and $11,000.

This practice of confessing judgments upon which to compel the inhabitants to pay double the amount of taxes for schools, which the charter authorises and expressly provides for, is a manifest evasion of the limitations and restrictions contained in the charter and is a palpable violation of the law which was designed to protect the property owners against excessive taxation.

The charter enumerates the objects and purposes for which the common council is authorised to raise money by tax, and particularly *specifies the sum for each object*, beyond which it cannot go, and it also provides penalties against those members of the council or board of education who shall vote to raise more than the amount so specified for any given object, or who shall appropriate any money from any of the funds for any claim or demand not properly payable out of such fund.

That which is true of the school fund is equally so of every other fund, and judgments have been confessed by the order of the common council for various purposes which the charter expressly enumerates, besides the school fund, *over and above the amounts which the charter authorises*, and if this practice is continued and sanctioned, judgments may be confessed to an *unlimited amount* beyond what the charter authorises, and so the charter becomes a *dead letter* and the *limitations and restrictions there in nugatory.*

Already the burdens of taxation have become so onerous as to reduce the saleable value of all property in the city at least 25 to 50 per cent., and many persons find it difficult to keep possession of their homesteads against the demands of the tax collector. We ought to insist that the expenses of the schools shall be brought *within the amount authorised* by law for that purpose, and that these school orders ought to be paid out of the fund which the charter provides for that purpose. From present appearances it would not surprise me if $35,000 should be required to meet the demands of the year 1860. Those of 1859 were burdensome enough, and yet only about $19,200 was levied last year. T.

A NEW STYLE.—The Madison Argus of Monday morning says:—"A very respectable German citizen lost his wife, recently, and yesterday announced in handbill form, that were posted about the city, the hour of her funeral and the order of services. It was signed by his own name. This is making rather more of a business mater of it than is common."

For the Daily Gazette.

ALBION ACADEMY.—There are few schools with which we are acquainted doing more for the education of young men and women than this.

The average attendance is over one hundred students. No doubt its success is somewhat due to its situation, as it is situated in a retired and quiet community, where the sale of ardent spirits has never existed. Young men can find no place of vicious resort here, not even cigars.

Students are watched over with parental solicitude. No student of bad habits or immoral character is allowed to remain. The closest application to study is required of each pupil.

Lectures as to the health and habits of students are regularly given. They are required to rise at 5 A. M., and to retire at 9.30 P. M. Any student absent from his or her room during study hours, or from recitation, is promptly called on for an explanation.

The faculty consists of nine teachers, six gentlemen and three ladies.

We wish every young man and woman in the state could be educated at a similar institution. VIATOR.

LIFE INSURANCE.—Those desiring this *safest* and *cheapest* protection for their families, can secure it in our Wisconsin company. It has already become, in reality, a state institution, having agents and patrons among the best business men in all the principal towns in the state. It is no longer a matter of doubt that life insurance can be conducted as well in Wisconsin as in Connecticut or any other eastern state.

Thus while duty demands that men should insure their lives, it also demands that they should keep their money for investment at home. Confident that our success has been more than equal to that of the most "unprecedented," we would cordially invite all our citizens to call at the office, south-west corner of Main and Wisconsin streets, and examine for themselves.

S. S. DAGGETT, Pres't.
A. W. KELLOGG, Sec'y.

☞ Messrs. Pixley & Harlow, produce dealers, and Capt. Geo. S. Dodge will receive applications for insurance in this home company, and will also be happy to give information as to the condition thereof, to any one desirous of being informed, in Janesville. apr13dawly

THIS Glass, in transparency, strength and uniformity of plate, and in all other qualities sought for in a good article of glass, is equal to the best French manufacture, and is almost entirely free from breakage. The engagements we have entered into with the Messrs. Landgraff, enable us to offer their glass at lower prices than have heretofore been asked for the inferior grades of glass sold in this market.

Call and examine our stock before buying elsewhere and save yourselves from being humbugged by the French, or imposed upon by the venders of an inferior article of American glass. A. PALMER,

Non-Explosive Burning Fluid

USED WITH SAFETY & ECONOMY.

The Best in the Market.

Palmer's Drug and Tea Store.

WE have, for several years past dealt largely in BURNING FLUID, and have always, thus far, kept fully *up to the times*, in any improvements made in its manufacture. Nearly a year ago, in an appeal in favor of its more general use, based upon the fact that the raw material from which it is made, is mainly the product of our own farms, we publicly announced that there was, at the temperature at which it is generally used, "no explosive power whatever in Burning Fluid, *as now made by those who understand the business in which they are engaged.* That injury from its use was either the result of gross carelessness, or of undue alarm caused by a belief in its explosive power," &c. Since then we have manufactured and sold thousand of gallons to consumers in this city and vicinity, and if our assumption was an erroneous one, it would undoubtedly have been discovered ere this.

We are prepared to submit our Fluid to any test the public may call for, satisfied that, with ordinary care, *no safer, better or more agreeable light can be produced.* As we are indebted to no traveling "Prof. GREEN—O!" for the high state of perfection attained by us in its manufacture, we are, as usual, prepared to offer our Fluid at the *LOWEST MARKET FIGURES*, and to guarantee entire satisfaction in its use, or the money refunded. NOTICE TO CONTRACTORS AND BUILDERS.

Important Discoveries and New Arrangements!

THE subscriber has discovered upon his premises a splendid

QUARRY OF FREESTONE,

which promises to surpass anything yet found in the state, as well as add to the many already developed resources of our city,

A Beautiful, Cheap and Durable Building Material,

He has made arrangements to work this, together with the justly celebrated

Monterey Lime Stone Quarry,

on a scale equal to the demands of our enterprising citizens, and in order to accommodate his numerous customers, he has made arrangements to keep constantly on hand a large supply of

ATHENS MARBLE

(or Chicago stone.) He is now fitting up extensive saw and scouring mills, and other machinery necessary for working the same, at a great reduction from former prices.

He also wishes to call attention to the fact that sound cutting or dimension stone can only be found at great distances from the surface, and that the Monterey Quarry is the only one in this county that has been worked far enough to reach those formations that are imperishable when exposed to the action of air and frost.

He is also supplying his Quarry with Derricks to facilitate the handling and loading large stone, and is fitting up expensive wagons, carts and trucks, rigged with the most approved appliances for moving and delivering dimension stone of any size, from two to thirty feet square, and from six to twenty inches thick, or any required length up to one hundred feet, to any part of the city or on board of the cars.

He is prepared to furnish

Cut Stone

of every description,

PLAIN, MOULDED, CARVED OR POLISHED FLAGGING

of any required dimension.

Curbing, Paving, Ruble and Coursing

stone of the best quality in the state, all of which will be delivered at his Quarries or any part of the city, to suit purchasers.

In conclusion, he begs to assure the public that from the superior quality of his materials, and facilities for furnishing, he can and will make it to their interests to patronize the Monterey Quarries.

☞ All Orders from the city or country will be promptly attended to.
